EXECUTIVE SUMMARY

Cybersecurity Engineering student with hands-on SIEM deployment, VAPT, and offensive tool development experience. Silver medalist at Cisco NetAcad Riders 2025 APJC Round 1. Targeting SOC Analyst or AppSec roles where technical depth meets real-world defense.

EDUCATION

State Polytechnic of Batam Cybersecurity Engineering	Batam, Riau Islands, ID <i>Aug 2023 - Present</i>
Vocational High School 5 Batam Computer and Network Engineering	#Batam, Riau Islands, ID <i>Jul 2020 - Jun 2023</i>

WORK EXPERIENCE

Batam Marriot Hotel Harbour Bay - Internship IT Support (On-site)	Batam, Riau Islands, ID <i>Jun 2022 – Jan 2023</i>
---	---

Performed several jobs with the following descriptions:

- Install, configure, and maintain computer hardware, software, systems, networks, printers, and scanners,
- Respond to technical support requests from hotel staff and provide timely solutions both remotely and on-site,
- Monitor and maintain the hotel’s computer systems and networks to ensure optimal performance,
- Perform routine maintenance and updates on all IT equipment in guest and back-office areas,
- Assist in managing the hotel’s property management system (PMS), point-of-sale (POS) systems, and internet services,
- Ensure data backups and recovery processes are in place and tested regularly,
- Coordinate with vendors for hardware repairs or software support when required,

PROJECTS

PBL-RKS517 Vulnerability Assessment and Penetration Testing (VAPT)	<i>Sep 2025 – Jan 2026</i>
---	----------------------------

- Conducted VAPT on government web assets using OWASP methodology, Nmap, Burp Suite.
- Identified critical/high vulnerabilities with full PoC documentation and remediation recommendations.

Ref: polibatam.id/PBL-RKS517

PBL-RKS413 SIEM Development for Attack and Defense	<i>Feb 2025 – Jul 2025</i>
---	----------------------------

- Built and deployed a SIEM pipeline using Wazuh, MISP, TheHive on VMware-based VMs. Configured log ingestion, alert rules, and correlation for real-time threat detection and incident response.
- Executed controlled cyber-attack simulations to evaluate and strengthen the underlying security infrastructure.

Ref: polibatam.id/PBL-RKS413

Brmbox (Brute Force MAC-Based Winbox)	<i>May 2025</i>
--	-----------------

- Developed a Bash-based Layer 2 brute-force tool targeting MikroTik Winbox (MAC auth) for authorized pentesting engagements. Demonstrates low-level protocol understanding and offensive tooling capability.

Ref: github.com/earthwrlD/mac-winbox-bruteforce

PBL-RKS307 Well Architect SIEM Implementation	<i>Aug 2024 - Jan 2025</i>
--	----------------------------

- Implemented a SIEM solution across simulated Virtual Machines to enhance organizational security monitoring, real-time event tracking, and incident response.

Ref: polibatam.id/PBL-RKS307 | github.com/Merpatipatipati/PBL307FINAL

PBL-RKS213 DDoS Defend Matrix	<i>Feb 2024 - Jul 2024</i>
--	----------------------------

- Built a defense system to counteract Distributed Denial of Service (DDoS) attacks utilizing traffic analysis, filtering, and rate-limiting techniques.

Ref: polibatam.id/PBL-RKS213 | github.com/earthwrlD/PBL-RKS213-DDoS-Defend-Matrix

PBL-RKS118 Classic Cryptography Application Development	<i>Aug 2023 - Dec 2023</i>
--	----------------------------

- Programmed a secure application designed to encrypt and protect text messages utilizing classic cryptographic methods.

HONORS & AWARDS

Best Nominee PBL Showcase 2025 PBLRKS-307 Best Nominee in Software & Cybersecurity Category PBL Showcase 2025 Issued by Polibatam's Informatics Engineering Student Association	May 2025
Silver Certificate – APJC NetAcad Riders Competition 2025 Recognized for achieving silver tier in Asia Pacific, Japan & China (APJC) region Cisco Networking Academy Round 1 competition Issued by Cisco Networking Academy	Apr 2025
Honorable Mention PBL Expo 2024 PBL-RKS213 Honorable Mention in Network & Cybersecurity Category PBL Expo 2024 Issued by State Polytechnic of Batam	Aug 2024
Medallion of Excellence – Lomba Kompetensi Siswa Nasional (LKSNI) 2022 Awarded in IT Networking & System Administration Category Issued by Ministry of Education, Culture, Research, and Technology, Republic of Indonesia	Oct 2022
2nd Place – Linux System Administration, Open-Source Competition (OSC) 2022 Recognized for outstanding performance in Linux-based system management Issued by Batam Linux User Group (BLUG)	Aug 2022
3rd Place – Capture the Flag, Open-Source Competition (OSC) 2021 Ranked third in province-level CTF challenge focused on cybersecurity problem-solving Issued by Batam Linux User Group (BLUG)	Aug 2021

ORGANIZATION

Head of Cyber Ranger – Polibatam Cyber Labs	Jan 2024 – Jan 2026
- Organized internal training and workshops, while overseeing team participation in national and international competitions. - Directed a student cybersecurity initiative focused on hands-on technical skills, research, and competition readiness.	

ADDITIONAL

Technical Skills: Ethical Hacking, Cloud Computing, Database Security, Cryptography, Object Oriented Programming, System Administration, Network Administration, Virtual Environment, AWS (EC2, IAM, VPC), Docker
Languages: Active Indonesian, Passive English.
